TESTIMONIAL

"When these kids get to speak with someone who looks like them, has had similar experiences as them, and cares for them these these kids light up. They get inspired."

Parent Testimonial

I'm very pleased with The Seed's summer program for a variety of reasons.

Besides the fact that my daughter has a great time every day, she has the comfort and continuity of being in familiar surroundings without having to get used to a new environment and new caregivers for the short summer months.

In addition, The Seed's summer camp is full of fun and creativity! The program offers a full-day, well-rounded program, with many outdoor activities. A summer calendar is prepared by The Seed so that the children look forward to different activities each day. And the end-of-summer shows are a lot of fun for both the children and their parents.

My daughter has been attending The Seed year-round since she was 2.9 months old. The care that she receives there is second to none. It is so important to me that she is in good hands all year round!

"My children love playing the games from this book. They're not only entertained but also learning without even realizing it."- **Sarah, Parent of two**
