The Curtiss P-40 Warhawk was a single-seat, single-engine fighter aircraft that was used by the United States Army Air Forces (USAAF) during World War II. The P-40 was a rugged and versatile aircraft that was well-suited for combat in the Pacific and European theaters of war. It was flown by some of the most famous fighter pilots of the war, including Greg "Pappy" Boyington, Charles Lindbergh, and Claire Chennault.

36 Hawk Aces of World War II tells the stories of some of the most successful P-40 pilots of the war. These pilots were responsible for shooting down hundreds of enemy aircraft and played a major role in the Allied victory. The book includes profiles of some of the most famous P-40 pilots, such as Thomas McGuire, Robert Johnson, and David Lee "Tex" Hill.

In addition to the pilot profiles, 36 Hawk Aces of World War II also includes a detailed look at the Curtiss P-40 Warhawk. The book covers the aircraft's design, development, and combat history. It also includes a number of rare photographs of the P-40 in action.

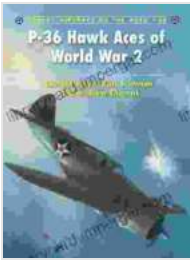

36 Hawk Aces of World War II is a must-read for anyone interested in the history of aviation or World War II. The book is packed with detailed information and rare photographs, and it tells the stories of some of the most successful fighter pilots of the war.
