In *Breaking Through Concrete*, award-winning urban farmer Novella Carpenter uncovers the roots of our broken food system and reveals the transformative power of urban farming. With wit and wisdom, she shares the lessons she's learned over two decades of growing food and building community in some of the most challenging places on earth.

Carpenter's story is one of hope and resilience. She shows us how urban farming can be a force for good in our communities, providing fresh, healthy food for those who need it most, creating jobs, and greening our cities.

Breaking Through Concrete is a must-read for anyone who cares about the future of our food system. It's a powerful and inspiring story that will leave you motivated to make a difference in your own community.

Praise for Breaking Through Concrete

"Novella Carpenter is a visionary leader in the urban farming movement. Her book is a must-read for anyone who wants to learn more about the power of urban farming to transform our communities." —Will Allen, founder of Growing Power

"Breaking Through Concrete is a powerful and inspiring story. Novella Carpenter shows us how urban farming can be a force for good in our communities, providing fresh, healthy food for those who need it most, creating jobs, and greening our cities." —Eric Garcetti, Mayor of Los Angeles

"Novella Carpenter is a true pioneer in the urban farming movement. Her book is a valuable resource for anyone who wants to start or support an urban farm." —Alice Waters, chef and author

About the Author

Novella Carpenter is an award-winning urban farmer and food justice activist. She is the founder and executive director of the nonprofit organization Planting Justice, which works to build sustainable food systems in underserved communities. Carpenter has been featured in numerous publications, including The New York Times, The Washington Post, and The Guardian. She has also appeared on NPR, CNN, and MSNBC.
