At the age of 15, Khamla made the difficult decision to leave his home and flee to Thailand. He traveled for weeks through treacherous jungle terrain, evading capture by government soldiers. Along the way, he encountered kindness and compassion from strangers who helped him on his journey.

Once in Thailand, Khamla lived in a refugee camp for several years. He learned English and worked hard to support himself. He also became

involved in community activities, helping other refugees and working to improve the conditions in the camp.

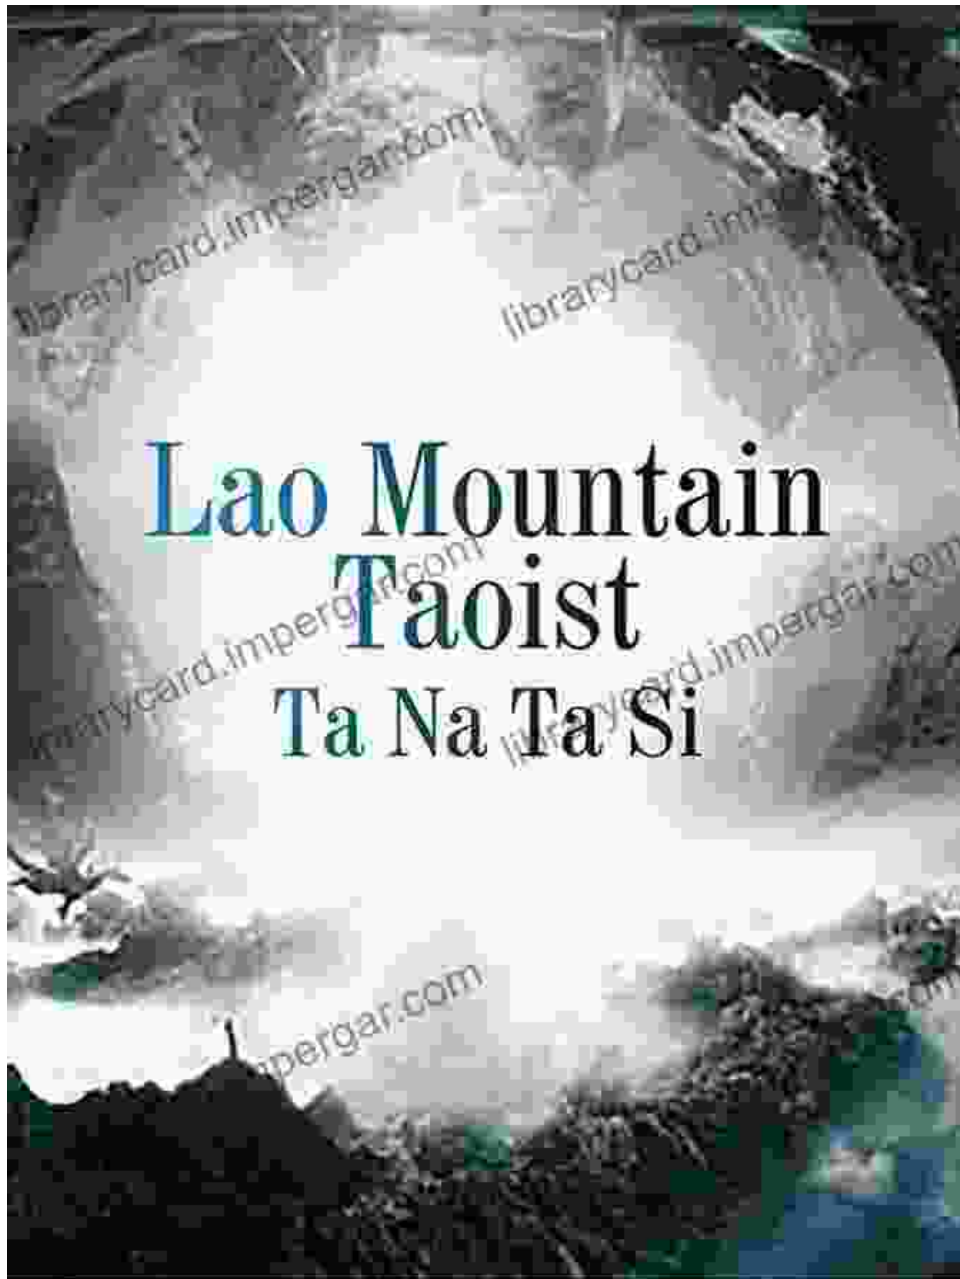

In 2004, Khamla was granted asylum in the United States. He moved to Minnesota, where he enrolled in college and began a new life. He worked hard to learn American culture and language, and he quickly became a success in his new country.

Today, Khamla is a successful businessman and community leader. He is married and has two children. He has never forgotten his roots, and he regularly travels back to Laos to help his people. He is a living example of the power of hope and resilience.

Khamla's story is an inspiration to us all. It is a reminder that even in the darkest of times, we can always find hope. It is a story of the human spirit's ability to overcome adversity and achieve great things.
