

Narcissistic Abuse Truths Information Education Transformation

Are You Trapped in a Cycle of Emotional Manipulation?

Narcissistic abuse is a form of emotional and psychological manipulation that can leave victims feeling isolated, confused, and worthless.

Narcissists, individuals with Narcissistic Personality Disorder (NPD), often display a grandiose sense of self-importance, a deep need for admiration, and a lack of empathy for others.

If you are experiencing any of the following, you may be a victim of narcissistic abuse:

- Emotional roller coasters and unpredictable behavior
- Gaslighting and manipulation
- Constant criticism and devaluation

- Isolation from friends and family
- Feeling worthless and inadequate
- Fear of abandonment
- Low self-esteem

What Is the Narcissistic Abuse Cycle?

Narcissistic abuse follows a specific cycle of idealization, devaluation, and rejection. Narcissists tend to deflect all their feelings onto others because of the pain they feel about their own feelings. They too may have had narcissist caregivers or parents, or experienced some kind of abuse or traumatic event which shaped their upbringing. However, this is not an excuse for the emotional and physical abuse inflicted on their victims.
