By Dr. Robert McClelland

On November 22, 1963, the world was stunned by the assassination of President John F. Kennedy in Dallas, Texas. Amidst the chaos and tragedy, a select group of physicians played a pivotal role in providing medical care to the fallen president. Their eyewitness testimonies and medical findings have since become invaluable pieces of evidence in the ongoing quest to unravel the truth behind JFK's death.

In this groundbreaking book, Dr. Robert McClelland, a renowned forensic pathologist, presents a comprehensive analysis of the testimonies and medical records of the Dallas doctors who attended to JFK. Drawing upon

extensive research and exclusive interviews, Dr. McClelland sheds new light on the medical evidence and challenges long-held assumptions.

Through the detailed accounts of Dr. Malcolm Perry, Dr. Charles Baxter, Dr. Paul Peters, Dr. William Kemp Clark, and Dr. George Burkley, readers will gain unprecedented insights into:

- The extent of JFK's injuries and the sequence of events leading to his death
- The inconsistencies and controversies surrounding the interpretation of the medical evidence
- The motives and actions of the doctors involved, including their interactions with law enforcement and government officials
- The impact of political pressures and media scrutiny on the doctors' testimonies and findings

Dr. McClelland also provides a critical examination of the Warren Commission's investigation into JFK's assassination, challenging its findings and highlighting the need for further inquiry. He presents compelling evidence that suggests a more complex and sinister plot than originally believed.

Based on meticulous research and expert analysis, "Revelations From The Dallas Doctors Who Attended To JFK On November 22, 1963" is an essential read for anyone seeking the truth about the assassination of President John F. Kennedy. It offers a unique perspective from the front lines of medical history, membuka kedok rahasia and exposing the complexities of a tragedy that continues to haunt the nation.

The Dallas doctors who attended to JFK on November 22, 1963: Dr. Malcolm Perry, Dr. Charles Baxter, Dr. Paul Peters, Dr. William Kemp Clark, and Dr. George Burkley
